Fran from Slovakia: "Studying at Inforum Education was one of the best decisions I've ever made. I spent 3 months in the IELTS class and my teacher (Jimmy) always got the best out of me. The classes were interesting and full of practical situations and examples from real IELTS tests. I couldn't have wished for better preparation! My score of 7.5 says it all!"

Quentin from France: My dream has always been to fly so I needed an English college that I was sure would give me the best possible chance to achieve it - at Inforum Education, I found the perfect school. I started in the Intermediate class and studied for eight months. Inforum's teachers were terrific and very knowledgeable so I always felt confident about what I was learning. We studied a lot of vocabulary and grammar and did plenty of exam practice but we also did interesting and practical things like presentations and group work with my classmates, who were from many different countries. I reached my goal of IELTS 6.5 and entered pilot training in New Zealand. I'm now about to graduate and I have to thank Inforum for helping me to achieve my dream!
